

Signing up

Three screens and a card. About five minutes, and you can change anything afterward from your profile.

One thing to know

Paying does not put you on the map.

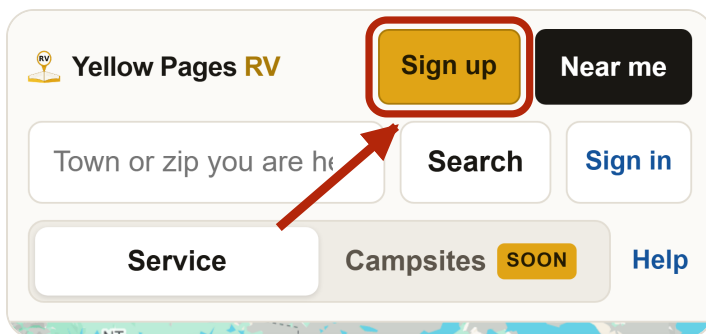

Nothing goes in front of owners until you sign in, look your listing over, and switch your pin on yourself.

You are not signed in after paying, so the next step is always Sign in.

Every step of that, with pictures, is guide 3: [Getting on the map](#).

1 Go to yellowpagesrv.com and press Sign up.

The amber button at the top right of the map.

2 Say how many technicians there are.

Nothing is picked for you. **It is just me** is one technician and one pin, \$12 a month. **There are several of us** is a pin each for technicians who work separate ground, \$15 a month for the first and \$9 for each one after, with a counter for how many. You pay for pins on the map, not for people: a shop with ten technicians and one building is one pin.

A screenshot of the sign-up form. The first question is 'First, how many technicians are there? *'. There are two radio button options: 'It is just me' (with a description: 'One technician, one pin on the map. \$12 USD a month.') and 'There are several of us' (with a description: 'A pin each for the technicians who work separate ground. \$15 USD a month, and \$9 for each one after the first.'). Below the options is a paragraph explaining the pricing: 'You pay for pins on the map, not for people. A shop with ten technicians and one building is one pin. Five trucks working five different counties at the same time is five.' Below this are input fields for 'Business name *', 'Your name', 'Phone *', and 'Email *'. A 'Feedback' button is located at the bottom right.

3 Your business name, phone and email.

Required: business name, phone, email, and the email typed again to match. Optional: your name, and the tick to hear about new SkillAbove tools. The email is how you sign in and where your receipts go, and there is no password to fall back on, so it has to be right.

Business name *

Sam Mobile RV Repair

Your name

Sam

Phone *

(555) 123-4567

Email *

sam@example.com

Type your email again *

sam@example.com

This address is how you sign in and where your receipts go, so it has to be right. There is no password to fall back on.

We do not sell your information.

Not to marketers, not to lead brokers, not to anyone. We will not spam you. You will hear from us when a listing needs confirming or something changes with your account, and that is it. We hate that stuff as much as you do.

Your phone number sits behind a tap on your listing and is rate limited, so bots cannot

4 Do you go to them, or do they come to you?

Nothing is picked for you. **Mobile only**, **Shop only**, or **Shop and mobile**. Either shop choice adds Shop address, City and State, all required, because that is where owners will drive to. Website is optional. If anything required is missing, a red line names it and the page scrolls to it. Continue comes after the next two questions.

Don't forget to [read the privacy page](#).

☐ Tell me when SkillAbove releases a new tool.
Nothing else, and you can turn it off any time.

Do you go to them, or do they come to you? *

Nothing is picked for you here. A shop that had Mobile chosen by default and did not notice would be telling owners it travels.

☐ **Mobile only**
You drive to them. No premises for owners to visit.

☐ **Shop only**
They bring the rig to you. You do not travel out to jobs.

☐ **Shop and mobile**
You have premises and you also go out to jobs.

Website (optional)

5 Say what you do, and what you are known for.

What do you do? is required and nothing is picked for you: tap **RV technician, house side, Engine and chassis, Inspector**, or any two or all three. It is what your pin says on the map and what owners filter by. Under it, **Known for anything in particular?** offers sixteen specialties. A role is what you are; a specialty is what people call you for by name. Pick one or two, or press **Skip, I do a bit of everything**. Whatever you pick is already ticked on your profile when you first sign in, and the full list of everything you do is filled in there.

What do you do? *

Tap as many as apply. Nothing is picked for you. This is what your pin says on the map and what owners filter by, and you can add or drop these any time from your profile.

☒ **RV technician, house side**
Electrical, plumbing, appliances, slides, roof, doors, windows.

☐ **Engine and chassis**
Engines, transmissions, differentials, air bags, chassis work.

☒ **Inspector**
Pre purchase and condition inspections.

Known for anything in particular?

A role is what you are. A specialty is what people call you for by name. Pick one or two, or skip this. The full list of everything you do gets filled in on your profile after you sign up.

6 Put your pin down and say how far you travel.

Type your town or zip code and pick it from the list, tap the map, or press Use my location. Dropping the first pin is required. The miles box is your travel circle, and owners see the circle, not your address, so set it to what you actually do. With several technicians, one numbered pin per technician sits above the map; only the first has to be placed now and the rest can wait for your profile. Then Continue.

Use my location

Or tap the map where you want the pin, search a town below, or drag a pin to move it. Owners see the circle, not your street address.

Your pin

placed

Town or zip code

Bozeman, MT

Drag the pin on the map and this fills itself in, or start typing a town and pick it from the list. Either way the pin and the town stay together.

How far do you travel? (miles)

7 Pick monthly or yearly, tick the human check, and press Continue to payment.

Monthly is preselected. Card details are handled by Stripe and never touch this site.

One technician, monthly	\$12 a month
One technician, yearly	\$120 a year
Several, monthly	\$15 for the first, \$9 a month for each after
Several, yearly	\$150 for the first, \$90 a year for each after

All prices in US dollars. You can cancel any time from your profile with one click.

8 Pay on Stripe's page.

Stripe's own checkout opens with your email already filled in. Put in your card and pay. If you back out, you come back to the sign up page with everything you typed still there. Stripe emails the receipt.

Payment

Card details are handled by Stripe. We never see or store your card number.

Monthly
cancel any time

Yearly
two months cheaper

One technician, monthly

\$12

Due today

\$12 USD

Charged monthly. Cancel any time.

All prices are in US dollars. A card issued outside the United States is charged in US dollars and converted by your bank, so the amount on your statement may differ a little.

You can cancel any time from your profile, under Email and billing, with one click. No phone call, no retention maze. Your listing stays up until the end of what you already paid for.

☐ Verify you are human

You land back here. You are signed up, and not on the map yet.

This page and the welcome email say the same three things: sign in, look over your listing, switch your pin on. You are not signed in yet. Press **Sign in and switch your pin on** at the bottom of the page and carry on with guide 3.

You are signed up

Payment went through. **You are not on the map yet.** Nothing goes in front of owners until you have looked it over and switched your pin on, which takes a minute.

A receipt and a note with these same steps are on their way to the email you signed up with. Here is what to do:

1. **Sign in.** There is no password. Type the email you just used and we email you a link or a six digit code, whichever you choose. [Here is a short guide with pictures](#) if it is your first time.
2. **Look over your listing.** Rates, work you do, service area. Change anything that does not read the way you want.
3. **Switch your pin on.** The switch is at the top of your profile. That is the moment owners can see you.

All of it with pictures and arrows, from signing in to the pin being live: [Getting on the map](#). It prints, if you would rather have it beside you.

Send us your credentials and insurance if you want the verified badge. It is optional, and it means we checked your paperwork, nothing more. We will ask you to confirm your service area every couple of months so you can keep it up to date. We will never call a pin you have moved on from.

Something did not work?

If the card was declined, Stripe says so and nothing is charged; try another card. If you paid and never landed back on this site, the payment still counts and the welcome email still comes: go to yellowpagesrv.com and press Sign in. If you think you mistyped your email, write to support@yellowpagesrv.com before doing anything else, because that address is the only way in.
